Marilyn Wozneak	Sacred Heart- Lakewood

- Where are you at?

Thinking about a Vicariate wide program, Pre-Cana program

Focusing on marriage, because we have the third highest number of marriages. Pre- and post Ceremony planning: and mixing in catechesis, creating a community, sponsor couples, At the wedding rehearsal or later- a gift from the parish, a frame, candle, placemat, meal blessing for home use, etc.

More of a parish wide approach, still keeping it small and follow thru/ follow up at the end.

- What do you need?

Think about your milestone in terms of process and not program. Marriage is a lifetime.

- Measurable outcomes & sustained change – interest of the Grants Committee

Want more couples involved in training, need some training, perhaps 20 couples from their current zero.

Training opportunities, training materials, update our offerings, and offering it on a Vicariate level

Question (Greg to follow up) - when do they need to use up the money within a certain time frame?

Within two years, three years?

How do you measure something two years, three years out?

Family Life department- (Follow up with) new updated materials for sponsor couples...

Perspectives on Marriage, by Acta Publications, 2010, is another tool that comes highly recommended.

Perspectives- Is a training program for sponsor couples. Please contact Tom & Jean Noonan 632-5026 or tjn819@hotmail.com
