

You're Invited To Colleagues in Youth Ministry

Do other youth ministry leaders have the same experiences?
Do they rejoice about the same things?
Do they have similar concerns?

If you have found yourself asking these questions, then come to a meeting of *Colleagues in Youth Ministry!* You will experience a chance to network, opportunities for faith sharing, and the support of others. Adult youth ministry leaders gather once each month to support each other through prayer, discussion and reflection on our call to ministry. *Colleagues* gatherings are the place where we take care of ourselves as ministers!
